

# Why Should You Be a KGSPA Member?

Why join KGSPA? The answer is as simple as 1, 2, 3. Join forces with Kansas growers who are working for the future of grain sorghum.

1. KGSPA represents you in legislative and regulatory issues on the state and national levels on issues that cannot be addressed by state and national checkoffs. KGSPA is nationally known for its efforts to keep key crop protection tools on your shelf.
2. Industry relations. KGSPA ensures that sorghum maintains a high profile with all facets of the industry from seed and chemical companies to end users.
3. Leadership. Kansas is the #1 sorghum growing state in the U.S. KGSPA members hold leadership positions on the state and national levels.

Seed companies recognize the importance of a strong association and partner with KGSPA to offer **two free bags** of sorghum seed for growers who purchase a three-year KGSPA membership. The value of the seed basically covers your membership in the association! Take advantage of this great deal today by filling out and sending in the form below. Remember, when you become a member of KGSPA, you are also a member of the National Sorghum Producers.
